

**YEAR 7 2022**

## **SELECTIVE CLASS**

Information for students and parents/guardians

### PRINCIPAL'S MESSAGE

The selective class in Year 7 provides an opportunity for students who demonstrate academic ability and commitment to their studies to participate in a challenging learning program that fosters academic excellence and school success.

A team of teachers will support your child to develop their skills as a learner and encourage participation in school programs that will enhance their academic and social success.

Students in the Year 7 selective class will have the opportunity to earn a place in the selective class each year of junior school. The selective class program will provide a pathway to success in senior school.

Mr C. Dunne  
Principal

### ABOUT THE SELECTIVE CLASS

Cranebrook High School aims to equip all its students to meet the challenges of the future in a learning environment that is enjoyable and stimulating.

The selective class is designed to engage and challenge those students whose academic performance, behaviour and work ethic will enable them to excel in their schooling. Students will be guided, challenged and encouraged by their teachers to explore concepts and pursue learning with self discipline and enthusiasm.

Their peers will be students with similar goals and curiosities and they will be able to challenge, encourage and support each other to produce the highest quality work in a positive academic environment.
